

Guide for Lost & Found Pets

DID YOU FIND AN ADULT CAT?

1

Snap a few good photos of the cat, making sure to leave any collar on and to feature any identifying marks.

2

Call your city shelter and make a found pet report. Email them the photos.

**Tell them if the cat is sick or injured.*

TAKE THE CAT TO A VETERINARIAN OR PET SUPPLY STORE TO SCAN FOR A MICROCHIP!

3

Post photos of the cat on a Lost & Found Facebook Page for your community, as well Nextdoor and Craigslist. Be descriptive, include as much detail as possible & add how they can contact you.

Cat found on the corner of Green and Field St. Very friendly and wearing a blue collar, no tag. If this is your cat...

FOUND CAT!

Male cat found on the corner of Green and Field St. Very friendly and wearing a blue collar, no tag.

555-555-5555

4

Create colorful FOUND posters and post in a 1 mile radius around where the cat was found.

***Do not take the cat into your home or move it unless it is sick or injured. Many cats are indoor/outdoor and are able to find their way back home. You may place cat food and/or water out for the cat, though.**

Do not feed cats or kittens milk.
